The highway mileage is placed at 2,862,198, 44,000 miles are concrete; with 21,000,000 autos registered in United States there is a car for every every 11 feet of concrete road. Virginia is said to have 783 miles of concrete road Very little of it is located in middle Virginia.

Governor Byrd's Committee of 38 has made its report and apparently it is pleasing to the governor and the Richmond daily papers. It is called the Governor's Simplification and Economy Committee and fairly represents the governor's plan for reform in government for Virginia. The special session of Legislature is expected to O. K. the plan but in order to fully carry out the plan constitutional amendments are necessary and such amendments will be proposed and the people will have a chance to reject the proposed amendmentsor adopt same.

Tax Reduction

Saturday was Lincoln's birthday and the tax-payers of Appomattox celebrated the same by coming out to discuss the question of their local taxes. It was a gathering of the bone and sinew of the county and the courthouse was filled with these property owners eager to hear and see the relief proposed.

The following resolution of Senator Ferguson was unanimously adopted.

WHEREAS, The State Tax of twenty-five cents on the $100 assessment of land and tangible personal property, was repealed by the General Assembly of 1925, effective January 1st, 1927, and this year, for the first time in nearly 100 years, Virginia will not levy a tax on land and tangible personal property, which if left off and not put back by the Board of Supervisors of our county, will be a net gain or saving to the Tax Payers of Appomattox County of $5,315.95, a saving of nearly one-eighth of taxes paid by every tax payer in the county and giving them a lower rate than they have been paying, and

WHEREAS, the loss to the county of $221.40, caused by leaving off this twenty-five cent tax, will be more than made up by taxes on increased assessments on properties of public service corporations, amounting to about $5533.90, the increased amount we will receive from the tax on gasoline, additional revenue from normal increase in buildings and prospects of the State taking over some road mileage, which will relieve the expenditure of funds to maintain same, makes it unnecessary that this twenty-five cents tax be put back on the tax-payerr

NOW, THEREFORE, BE, AND IT IS HEREBY RESOLVED, by this Mass Meeting of the tax-payers, of Appomattox county, called for the purpose of discussing and declaring its position on this great economic question, and now assembled at Appomattox Court House on this 12th day of February, 1927, that the Board of Supervisors of Appomattox County, be and they are hereby requested not to put back the twenty-five cent tax, relinquished by the state in the Segregation Act, in making up the Tax Levy for our county, but pass it on direct to the Tax-Payer as needed relief to him whose financial condition caused by Agricultural depression is staggeringly deplorable.

Resolved further, that a copy of these resolutions be sent to the Board of Supervisors and that they be given to the public press for publication.

Hon. J. R. Horseley was nominated by H. C. Babcock as chairman. Senator Ferguson, R. L. Burke, J. A. Burke, J. W. Coleman, A. R. Harwood, J. W. Flood, and A. H. Clement engaged in the discussion urging the adoption of the resolution. Mr Clement urged a further reduction, if possible of 10 cents from each of the road levies

Dr. Hutcheson made a splendid address to the farmers on economic conditions and gave timely advice on diversifying the enterprise of farming.

The county budget appears in this paper, which will be discussed later, and on March 2, 1927, the Board will hear those who desire to be heard on the proposed expenditures andthe assessment.

Big Time

From the standpoint of attendance, program, business transacted and general interest manifested, the February meeting of the Parent-Teachers Association which was held in the M. E. Church Friday afternoon, was by far the best of the present school year.

Under the direction of Mrs. N, A. Wages, the very efficient president, assisted by Mrs. Helen Welch, a special program celebrating the thirteenth anniversary of the organization was planned and carried out.

The first feature of the program was a carefully prepared debate by four senior girls on the question:

Resolve, "That Home Economics Should be Required of Every High School Girl." The affirmative side which was presented by Misses Corrine Hancock and Frances Ford won over the negative which was supported by Misses Thelma Ferguson and Lucille Joy. It was rumored that the judges consisting of Mrs. W. M. Thompson, Mrs. W. L. Ould, and Mrs. Arthur Irby did not find it easy to decide which side won. Two lovely piano solos were then played by Misses Virginia Lee Thompson and Mary Featherstone after which Miss Eleanor Harwood sang a very lovely solo.

The next feature of the program was a candle lighting service in which twenty-six girls and young women took part. A huge cake was placed on the pulpit stand and decorated with thirty candles. Mrs. W. M Thompson lighted the first candle and spoke briefly concerning the work of the P. T. A.

Every committee of which there are many brought interesting reports of their work. Mrs. Crawley, Chairman of the Interior Decorations Committee reported that plans were on foot for improving the acoustics of the auditorium. Prof. Crawley, Chairman of the Library and Education Committees reported that 100 new books would soon be added to the library and said the senior class alone had as many as a thousand books each year. He also said that the school would soon observe "A Better English Week." Mrs. Arthur Irby, Chairman of the Membership Committee reported several new members The ten pound cake was then cut and served by Mrs. Bloxton and all pronounced it a work of art. After brief remarks by County Superintendent, Jerry Burke, the association adjourned to meet again the second Friday in March. A special program is being prepared for this meeting, we learn.

Chauncey W. Hills

A U. S. soldier. born in Waterbury, Vermont, Oct. 22, 1834, died Saturday, Feb. 12th at home of Paul C. Wharton, Concord. He had been confined to bed for 2 months, and was consious to the last. He was a member of Episcopal church of Waterbury and enjoyed reading, especially the sermons in papers not being able to attend church. He was in National Soldiers home at Hampton, Va., and came here in 1904 as requested to do by a comrade from the Home who had come to Concord and married and had picked out a sweetheart for Mr. Hills. Mr. Hills arrived at Concord and was taken out to see the widow—a marriage resulted. Mrs Hills died 12 years later of influenza. Mr. Hills boarded 6 years with Mrs. W. T. Cross and when their home was destroyed by fire, got board at Mrs. P. C. Wharton's and had been there about three years, having asked Mr. Wharton to keep him until death. Services were conducted by Rev. A. l. Caudle, Baptist minister at home. Two pretty designs covered the casket, one from the Wharton family and one from friends of the village. Pall bearers were J. H. Wharton, R. W. Wharton, W. F. Abbitt, T. H. Keese, J. T. Jamerson, N. W. Black. Burial service in Wilson's family cemetery.

Raleigh D. Abbitt

This highly connected citizen passed away at his home at Vera Tuesday in the 71st year of his age, after a lingering illness of four months. He was a son of the late Col. Geo. Abbitt and is survived by his wife and nine children, Geo. R. Abbitt, Mrs. Sussie Covington, Mrs. Betty O'Brien, Mrs. Lillie Casey, Robert Abbitt, W.D., Colyer and A. B. Abbitt and Miss Laura Abbitt. He leaves also the following brothers and sisters—Mrs. W. J. Covington, Mrs Mark Bernard, Mrs. A. P. White, A. B., R. W., C. W. and Geo. F. Abbitt.

Rev. S. P. Tucker, deceased's pastor conducted funeral service at New Hope Church, where he had worshipped for many years when able to attend. The service was consoling to the bereft family and sweet to his friends. The singing was especially sweet. F. A. O'Brien, Mrs. L. E. Smith and Mrs. Bessie James sang several selections. The casket was tenderly borne to the church yard by Geo. R., R. O., W. D., A. B, Abitt and Clint Casey, sons and grand-son, where last sad rites were performed by young ladies who covered the grave with beautiful flowers. Raliegh Abbitt's passing leaves a memory and friandship among those who knew and loved him that will not soon die.

Current Events

Cotton is no longer needed except for dressing wounds, and padding crutches, and treating the carache, so since Texas is so durn smart and can grow the staple at six cents a pound, I say let her grow the needs of the world while we turn our attention to other things,

Muscle Shoals is still in Alabama. Still is right.

Henry Ritter was over-anxious to see if the wire was alive, and now he's gone home to dynamo.

The General Motors increased their production last year, and paid a $70,000,000 dividend. The farmers of the South increased their production in a like manner and lost $700,000,000. What is sauce for the goose is destruction for the gander.

In 1910 it took 10 yards of dollar-a-yard cloth to make a $40 dress. Now it takes two yards of dollar-a-yard cloth to make a $75 dress. The retail merchant says the wholesale merchant gets the difference, and the wholesale merchant says the manufacturer is robbing the public, and the manufacturer swears that labor is eating him up, and labor is striking because it can't make a living, and swear the silkworm is to blame, and the silkworn and the cotton farmer are furnishing the raw materials to scrap over, and they are nonentities.

Legislatures require lots of help, and they hire folks from different parts of the state for the following jobs: first assistant, second assistant, third assistant, and fourth assistant doorkeeper. Then they have 14 door-knob holders. 32 match-stem pickers, 22 spittoon toters, 65 stamp lickers, 11 desk dusterers, 45 electric light punchers, and oodles and oodles of other employees, or job-holders of their legislature. Some states are clamoring for biennial sessions, others want quadrennial sessions, but so far as we are concerned, sesqui-centennial sessions would suit.

Out in Kansas City there was a hot political race for alderman in Ward 3. Mr. Hugg and Mr. Reed were the assistants for this position, and the city was combers ed from day to day by paid workers. One of these workers called up Ikey Vazinski, and his wife answered the phone, and said "Ikey be no here now." The man at the other end of the line said: "Well, that's all right. I only wanted to find out how he stood on this Hugg and Reed matter." Mrs. Vazinski replied forthwith, "Vell, I can tell you 'bout dat. When we first marry he hug all de time, now he read all de time."—Progressive-Farmer.
